## MEDICINAL.

A woman's looking-glass does not lie to her. If she looks carefully and owns the truth to herself, she will acknowledge that it shows to her, as it shows to others, a face full of the ugliness of suffering and pain. If a woman wants her mirror to reflect a pain-free face she should take proper care of her womanly self. She should see that the organs that are distinctly feminine are kept free from weakness and disease. By this means only can a woman remain fresh-looking and attractive.

Women may crase from their faces the lines of suffering by using Dr. Pierce's Favorite Prescription. Over 90,000 women have testified in writing to its marvelous merits. It acts directly on the womanly organs. It makes them strong and healthy. It cures all weakness and disease. It allays inflammation, soothes pain, and calms and steadies and invigorates the pain-racked nerves. It prepares for wifehood and motherhood. It does away with the discomforts of the expected period. It insures baby's health and makes its advent easy and almost painless. All good druggists sell it.

"I am going to write and tell you the benefits I have received from taking your medicines," writes Mrs. J. B. Cough, Box 29, Laboe, Graham Co., N. Hampshire. "I am the mother of a nice baby four and a half months old. He is a perfect child and weighs about eighteen pounds. If you remember I wrote you about a year ago about my condition. I cannot give too much praise to your 'Favorite Prescription' as it saved me a great deal of suffering. I feel remarkably well, this being my first baby."

"Knowledge is power." In a thorough knowledge of the human body lies the power that will at last stamp out weakness of the body and mediocrity of mentality. Dr. Pierce has taken a long look into the future through his "Common Sense Medical Adviser." It is full of just such knowledge as will do the family the most good. This book of over 1000 pages and finely illustrated has had an unprecedented sale. About 200,000 copies have been sold to date. Now it can be had in paper covers for 21 cents in one-cent stamps. In fine French cloth for ten cents more. Address, World's Dispensary Medical Association, Buffalo, N. Y.

## JAPAN'S RIPPER.

Japan has a ripper that so terrified the women of Tokio that several of them, while hysterical, committed suicide by either throwing themselves into one of the city canals, or under the wheels of trains.

Within a period of ten days, five women were murdered in the most aristocratic section of the city. The bodies of all were shockingly mutilated, but the police have not found even a trace of the criminal.

The first three of his victims were killed in the week of May, in the Kanda district, which is the most populous ward of Tokio. Ogawa street corresponds in many respects to Broadway.

From its crest there stretches a beautiful suspension bridge across one of the canals of Tokio to the Hongo district. In the early morning of May 4, the body of a young woman was found lying on the shelving banks of this canal, under the bridge. She had been disemboweled, and her arms were cut off.

The second murder terrified the women of the city, and the entire efforts of the police were directed toward capturing the murderer. The city was scourged from end to end, but no clue to the identity of the butcher was found. The force patrolling the Kanda district was doubled, but in spite of the vigilance of the police another murder occurred within a week. On the shelving banks of the canal the body of another young girl, with the arms missing, was found, and so great was the panic that many women left the city.

Early in the morning of the 13th, the mutilated body of a handsome, well-dressed young woman was found hanging to a tree in the Kojimachi district, which is just west of Kanda. The medical examination revealed the fact that she had been murdered before she was hanged. Her arms were missing, but in other respects, the mutilation was not the same as in the first three cases.

The discovery of the body of the last victim produced a great panic among the women of Tokio, which was followed by a wave of suicidal hysteria far reaching in its consequences.

The police believe that the murders were committed by students, of whom there are 30,000 in Tokio. Many of them are the sons of peasants, almost without means of support. They crowd into the city in September in the hope that something will turn up to furnish them the means whereby they can finish the course in one of the numerous schools and colleges, but many of them become stranded in a short time, and turn their hands to all sorts of desperate deeds.

WALLES and MASONRY.—Next to Queen Victoria the Prince of Wales has naturally been the most conspicuous host in England this month. One of his great "functions" was that of presiding over the jubilee mass meeting of Masons in Albert Hall on the 14th inst. Another great Masonic event was his Royal Highness's dinner to the officers of the Grand Lodge, American grand lodges have only about fourteen or fifteen grand officers, including the appointive officers. The Grand Lodge of England has about eighty officers, and all of them from the pro grand master down to grand tiler are appointed by the grand master, with the single exception of the grand treasurer, who is elected. The Prince of Wales has been elected for two consecutive years.

It is believed that on his accession to the throne, Albert Edward will give up the grand mastership and that his brother, the Duke of Connaught, who is one of the most enthusiastic Masons in England, having delivered a great many Masonic addresses and having often conferred the three degrees in the lodge of which he is past master, will succeed him in the "grand east."

It has no equal for Whooping Cough, Asthma, Hay Fever, Pneumonia, Bronchitis, La Grippe, Cold in the Head and for Consumption. It is safe for all ages, pleasant to take, and above all, a sure cure. It is the best remedy for Dr. King's New Life Pills in connection with Dr. King's New Discovery, as they regulate and tone the stomach and bowels. We guarantee perfect satisfaction or return money.
